Second International Conference on Recent Trends in Communication and Computer Networks - ComNet 2014, will be held during Nov 29-30, 2014, Hyderabad, India. ComNet 2014, is to bring together innovative academics and industrial experts in the field of Computer Science, Information Technology, Computational Engineering, Communication and Network to a common forum. The conference is jointly organised by The IDES and the Association of Computer Electrical Electronics and Communication Engineers (ACEECom). All the accepted registered papers will be published by the Scientific & Academic Publishing (both Print and CD media) and it will be made available in the Scientific & Academic Publishing Digital Library and will be submitted to possible indexing in all the major indexing services like EI, ISI Web of Science, DBLP, IET Inspec, Scopus and etc. ComNet 2014, is an international conference where theory, practices, and applications of Information Technology, Networks, Computational Engineering, Computer and Telecommunication Technology and related topics are presented and discussed. Original contributions are solicited on topics covered under broad areas such as (but not limited to):

- Computational Mathematics
- Data Structures, Algorithms
- Artificial Intelligence
- Data Communications
- Data Compression
- Data Encryption, Data Mining
- Distributed Systems
- High Performance Computing
- Image Processing, Watermarking
- Mobile Computing
- Network Security
- Services and Applications,
- Network Security Architecture and Design
- Next Generation Network Security threads
- Communication Protocols and Theory
- Signal Processing for Communications
- Digital Security, Watermarking
- Multimedia Security
- Electronic Cash, Information
- Communications and Network Security
- Network Operations and Management policies
- Broadband and Very High Rate Networks,
- Wireless Communications & Networking
- Parallel and Distributed Computing
- Security & Cryptography
- Communication Engineering
- Communication Systems
- Information Technology Application
- Data Communication
- Digital Electronics
- Telecommunication Technologies
- Embedded System
- Analog ad Digital devices and Services
- Digital Signal Processing
- Microprocessor based Technologies
- Firewall / VPN / Security Protocols
- Digital Communication
- Digital Security, Databases
- Communications QoS
- Reliability and Performance Modeling

Prospective authors are invited to submit full (original) research papers (which are NOT submitted/published/under consideration anywhere in other conferences/journals) in electronic (PDF only) format through the CMT Conference Management System or via email comnet.chair@gmail.com

**Important Dates**

- Last Date of Paper Submission: 25 Aug 2014
- Paper Acceptance Notification: 20 Sep 2014
- Camera Ready Paper: 15 Oct 2014
- Paper Registration: 20 Oct 2014
- Registration of Co-author/Non-Author Attendees: 10 Nov 2014
